

Together we can build a **BETTER FUTURE**

leave your handprint on the world

FutureSense Foundation is a small international development charity working to support rural, underserved communities across 7 countries overseas, so they can achieve their aspirations for a better future. Guided by the United Nations Sustainable Development Goals, we deliver long-term programmes on education, health, and livelihoods to create meaningful impact and lasting change.

Education

Engaging children to
become lifelong learners

Health

Enabling good health
and wellbeing
